

# SUPPLEMENTAL LABELING

READ AND FOLLOW THE ENTIRE LABEL FOR AQUAMASTER™ HERBICIDE AND FOR GARLON™ 4 BEFORE PROCEEDING WITH THE USE DIRECTIONS CONTAINED IN THIS SUPPLEMENTAL LABELING.

“Label” as used in this supplemental labeling refers to the label booklet for Aquamaster herbicide and this supplement.

EPA Reg. No. 524-343

Aquamaster is a trademark of Monsanto Company.

## AQUAMASTER HERBICIDE PLUS GARLON\* 4 TANK MIXTURE FOR BURNDOWN AND PARTIAL CONTROL OR SUPPRESSION OF WOODY BRUSH AND WEEDS IN INDUSTRIAL SITES.

Keep out of reach of children.

### CAUTION!

In case of an emergency involving this product, Call Collect, day or night, (314) 694-4000.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

This label must be in the possession of the user at the time of the herbicide application.

AVOID CONTACT OF HERBICIDE WITH FOLIAGE, GREEN STEMS, EXPOSED NON-WOODY ROOTS OR FRUIT OF CROPS, DESIRABLE PLANTS AND TREES, BECAUSE SEVERE INJURY OR DESTRUCTION IS LIKELY TO RESULT.

#### NONCROP USE

See the "GENERAL INFORMATION" and "MIXING AND APPLICATION INSTRUCTIONS" sections of the label booklet for essential product performance information and the following NONCROP SECTIONS for specific recommended uses.

Repeat treatments may be necessary to control weeds regenerating from underground parts or seeds or re-growth from areas not adequately contacted by the spray mixture.

Aquamaster™ herbicide does not provide residual weed control. For subsequent weed control, follow a label-approved herbicide program.

Read and carefully observe the label claims, cautionary statements and all other information appearing on the labels of all herbicides used. Use according to the most restrictive label directions for each product in the mixture.

#### INDUSTRIAL SITES

When applied as directed for "NONCROP USES" under the conditions described, this product and approved surfactant plus Garlon 4, provides burndown and partial control or suppression of woody brush and vegetation labeled for this product. This tank mixture is recommended for use on rights-of-way (utility, railroad, highway, pipeline), fencerows, roadsides, nonirrigation ditchbanks, wasteland and similar noncrop or industrial sites.

#### Hand-Held and High-Volume Applications

Use 3 to 6 pints of Aquamaster herbicide and 2 or more quarts of an approved surfactant, plus 1 to 2 quarts of Garlon 4 per 100 gallons of spray solution and apply to foliage of actively growing woody brush and weeds. Applications should be made on a spray-to-wet basis. Spray coverage should be uniform and complete. Do not spray to point of runoff.

#### Broadcast Applications with Ground Equipment

Use 3 to 6 pints of Aquamaster herbicide plus 1/2 to 2 quarts of Garlon 4 in sufficient water and make 20 to 100 gallons of total spray per acre. Use 2 to 4 quarts of an approved surfactant per 100 gallons of spray solution with this product.

#### Aerial Applications (Helicopter Only)

Use 3 to 6 pints of Aquamaster herbicide plus surfactant plus 1 to 2 quarts of Garlon 4 and apply in a total spray volume of 10 to 20 gallons per acre. Aerial sprays should be applied using suitable drift control. Use 2 to 4 quarts of an approved surfactant per 100 gallons of spray solution with this product.

Apply when plants are actively growing and after full leaf expansion of woody brush. Use the higher rates of these products where vegetation is heavy or dense, or where hard-to-control brush species are prevalent. Repeat applications may be necessary to maintain control and to suppress areas where canopying of vegetation prevents good spray coverage and penetration.

Drift control additives may be used. When a drift control additive is used, read and carefully observe the cautionary statements and all other information appearing on the additive label.

When used in combination as recommended by Monsanto Company, the liability of Monsanto shall in no manner extend to any damage, loss or injury not directly caused by the inclusion of the Monsanto product in such combination use.

**Read the "LIMIT OF WARRANTY AND LIABILITY" in the label booklet for Aquamaster herbicide before buying or using this product. Those terms apply to this supplemental labeling and if those terms are not acceptable, return the product unopened at once.**
